Dear New Patient,

Welcome! Thank you for choosing Archer Family Health Care, a health care service of the UF College of Nursing. Attached is the new patient packet. We ask that you complete all pages thoroughly and bring it with you to your visit. If you take any prescribed or over-the-counter medication, please bring your bottle(s), even if empty, with you. You will need to arrive 20 minutes early to allow enough time for your packet to be processed and to meet with the clinical staff prior to your appointment.

We are located at 16939 SW 134th Avenue in downtown Archer. If you are traveling on State Road 27/45 north bound turn left at 134th Ave; if you are traveling south bound turn right. Continue approximately 2/10th of a mile. We are located on the left side of 134th Ave.

We strive to see our patients on time and appreciate your promptness. If your wait is longer than 20 minutes, please notify the person at the front desk.
A 24-hour cancellation notice is required. However, if circumstances arise and you need to change your appointment time, please give as much notice as possible to reallocate the time reserved for you on the schedule.

Please bring your photo identification and insurance information with you. We will bill your insurance company. However, you will be responsible for non-covered services, out-of-network services, deductibles, coinsurances, and/or co-payments.

If you are applying for the Reduced Payment Program, verification of your financial status and total household income is required to determine your co-pay. If the required information is not provided, you will be charged the full fee for services rendered.

Payment is due at the time service is rendered. Accepted payment methods are cash, debit or credit cards.

Patient Responsibility Policy

Proof of Income

1. Uninsured patients, who wish to be considered for care at a reduced cost, must provide proof of total household income each year. If proof of income is not provided on the first visit, the patient will be reminded by the Office Staff to bring this to the next visit. If proof is not provided at the time of the second visit future appointments will not be scheduled until such proof is submitted to the practice. As a reminder that proof of income is still needed, the Office Manager will send a letter to the patient requesting such information. If information is still not provided, urgent care will be provided for a period of 30 days and the patient will receive a letter of discharge from the practice.

Payment is Due at time Services are Rendered

2. Per the contract agreement between patients and insurance carriers, co-pays, deductible and any non-covered services are due at the time services are rendered. If a patient does not have health insurance, the quoted fee provided by the Office Staff is due at the time of service as well. We accept personal checks, cash and credit cards.

Payment Arrangement for Balance Due

3. If a patient wishes to establish a payment plan instead of paying in full for the services rendered, the patient must request to speak with the Office Manager. The Office Manager will determine an appropriate plan based upon the patients income. The patient and the Office Manager will agree upon the payment amount and date the payment is due in accordance with the payment plan or payments each month. It is the patient’s responsibility to make contact with the office Manager to discuss any unforeseen situations that might prevent timely payments.

The Office Manager will contact patients who have past due balances by the 20th of each month as a reminder of the past due amount. If after 3 consecutive months there is no payment activity from the patient, the patient will be notified that Archer Family Health Care will provide only urgent care for a period of 30 days until the patient meets with the Office Manager to establish a new payment plan.

Appointment Cancellations

4. Cancellation of an appointment or rescheduling of an appointment requires at least 24-hour notice.
No Show

5. A “no show” occurs when a patient fails to cancel or reschedule an appointment with at least 24-hour notice. If a patient accumulates 3 “no shows” the patient will receive a letter of discharge from the practice, which dismisses you from the practice for a period of one year. If at the end of one year the patient desires to come back to the practice, the patient will be accepted as a new patient. If a patient fails to cancel or reschedule two appointments with proper notice, a letter will be sent explaining how requests for future appointments will be handled.

Adherence to Treatment

6. Health Care is a partnership between the Patient and Healthcare Provider. It is the Provider’s responsibility to discuss options for care and to recommend preferred plan of care to each patient. It is the patients’ responsibility to adhere to the agreed upon plan of care. If a patient does not adhere to the plan of care after discussion with the provider, the provider may discharge the patient from the practice.

I have read the above Patient Responsibilities Policy and agree to abide by the terms

SECTION B: TREATMENT AUTHORIZATION, ASSIGNMENTS OF PROCEEDS, AUTHORIZATION TO RELEASE INFORMATION AND GUARANTOR AGREEMENT

I. Authorization for Routine Diagnostic Procedures and Medical Treatment – I hereby consent to such diagnostic procedures, hospital care, and medical treatment which in the judgment of my health care provider may be considered necessary or advisable while a patient at Archer Family Health Care. I recognize that Archer Family Health Care providers are employees of a health care teaching and research institution and that my treatment and care will be observed and in some instances aided by students under appropriate supervision. I consent to Archer Family Health Care taking photographs of me in the course of and related to my treatment and to their use of such photographs and my medical data for educational purposes. I hereby authorize Archer Family Health Care to retain, preserve and use for scientific, educational or research purposes, or dispose of as they might deem fit, any specimens or tissues taken from my body during hospital or clinic visits.

II. Assignment of Benefits – I hereby assign to Archer Family Health Care payment from all third party payors* with whom I have coverage or from whom benefits are or may become payable to me, for the charges of hospital and health care services I receive for, related to, or connected with this admission or treatment (past, present, or future). I agree to be personally responsible for payment of any hospital or health care services that are not covered by my third party payors*, including, but not limited to, non-covered or out-of-network services, deductibles, co-insurances, and/or co-payments.

III. Release of Medical Information by Archer Family Health Care – By signing in the space below as Patient/Guardian, I hereby authorize Archer Family Health Care providers providing services during my outpatient clinical care, to release information from and/or copies of my medical records (including information relating to psychiatric and/or psychological care, alcohol and/or substance abuse, and HIV tests), and other information as may be required for my medical care and to secure payment for charges incurred by me or on my behalf, to: any University of Florida facility or affiliated provider, the Tumor Registry, my health care provider, referring provider, the Guarantor on my account, insurance companies for which I have assigned benefits for my treatment and care, or to any payors that Archer Family Health Care may later obtain to contribute payment for my treatment and care. I also authorize release of any information to any and all regulatory and/or accrediting organizations as necessary to maintain licensure and accredited status. In addition, I authorize release of any information to county, state or federal public health agencies, as required by law. I further authorize the Department of Children and Family Services and/or the Social Security Administration to release any confidential case information to my application for government assistance, which is requested by Archer Family Health Care.

IV. Guarantor Agreement – By signing in the space below as Patient/Guardian or Guarantor, or as Patient’s/Guardian’s Spouse or Guarantor’s Spouse, I hereby agree that all charges connected with the treatment, not covered by any insurance, program, sponsorship or other third party coverage I may have, are due and payable by me at the time of the visit or discontinuation of treatment. If the insurance information I have provided is not active at the time of service or if the services provided are not covered by my insurance company, I will be responsible for any balance due at the time of service. The charges I agree to pay are those listed in the current Fee Schedule, which is available for inspection upon request. I hereby acknowledge that, unless Archer Family Health Care and my insurance company or third party carrier have agreed that I will not be billed, if Archer Family Health Care has agreed to bill my insurance or other third party carrier it has agreed to do so as a courtesy and that Archer Family Health Care has the right to demand payment in full from me at any time prior to full payment from any insurance carrier. If an overdue account is referred by collections, I agree to pay the attorney’s fees, court costs and/or collection agency fees associated with the collection process. I specifically waive any exemption of wages from garnishment, which might be available by law, and agree that my wages can be garnished in the event a judgment is entered against me for collection of the outpatient clininc charges I have agreed to pay.

V. Lien on Third Party Liabilities Proceeds – If any admission or treatment is due to an accident or injury, Archer Family Health Care shall have a lien upon the proceeds of any cause of action, suit, claim, counterclaim, or demand accruing to me or my legal representative as a result of such accident or injury, in order to recover payment for all charges of hospital and health care services I receive for, related to, or connected with such accident or injury (past, present, or future), effective as of the date treatment was first provided. The foregoing shall be sufficient notice to me of the existence of a lien, which shall be effective whether or not it is filed in the public records. The foregoing is in addition to any lien to which Archer Family Health Care may be entitled by law.

VI. Agreement to Pay for Professional Component and Other Pathology Services – When a specimen of my blood, urine, stool, or similar materials is tested, the testing will be performed under the supervision of the pathologist who directs the laboratory. The pathologist may not perform the test or personally review its results. However, the pathologist is responsible for supervising the laboratory to assure that the results of all my tests are clinically reliable and are reported to my health care provider in a timely manner. I will receive a bill from the pathologist for these supervisory services for each test even if the pathologist did not personally perform the test or review its results. By signing this agreement, I agree to be responsible for the pathologist’s bill to the extent that my insurer or managed care plan does not pay for it.

*Third party payors include, but are not limited to, coverage available from: Medicare, Medicaid, or governmental programs; health, accident, automobile, or other insurance; worker’s compensation; HMO (commercial, Medicaid, Medicare); self-insured employers; and any sponsors who may contribute payment for services.

CONSENT TO OBTAIN MEDICATION HISTORY

Patient ID: ________________

As a user of an electronic medical record, your Archer provider would like to include your medication history in your record. A medication history is a list of prescription medicines that we or other doctors have prescribed for you. This list is collected from several sources, including your pharmacy and your health insurance.

An accurate medication history is very important to help us treat you and to avoid potentially dangerous drug interactions. By signing this consent form you give us permission to collect, and give your pharmacy and your health insurance permission to give us information about your prescriptions that have been filled at any pharmacy or covered by any health insurance plan. This includes prescription medication to treat AIDS/HIV and medicines used to treat mental conditions, such as depression. This information will become part of your electronic medical record, should your provider feel it is important to your medical care.

This medication history is a useful guide, but it may not be complete. Some pharmacies do not make drug history available to us, and the drug history might not include over the counter medicines, supplements, or herbal remedies. It is still very important for us to take the time to discuss everything you are taking, and for you to tell us about any errors in your medication history.

______ I give permission for Archer Family Health Care to obtain my medication history from my pharmacy, my health insurance and my other healthcare provider.

______ I DO NOT give permission for Archer Family Health Care to obtain my medication history from my pharmacy, my health insurance nor my other healthcare providers.
